

Functional Application Specialist Cadmatic

For our client in Vlissingen we are hiring a **Functional Application Specialist Cadmatic**.

Job description

As a Functional Application Specialist, you will enhance the engineering capabilities within our Computer-Aided Design platform, particularly focusing on Cadmatic, throughout the product lifecycle. Your role will significantly improve the efficiency and effectiveness of our engineering processes, directly impacting our projects.

KEY RESPONSIBILITIES:

- ✓ Converting engineering requirements into functional specifications for application development.
- ✓ Collaborating with stakeholders to analyze challenges and formulate solutions.
- ✓ Creating and implementing processes and functionalities for the application.
- ✓ Maintaining strong relationships with suppliers and knowledge partners.
- ✓ Overseeing the integration of applications with Cadmatic.
- ✓ Managing user access rights within the application.
- ✓ Setting up and configuring project environments in Cadmatic.
- ✓ Coordinating training sessions related to the application with the Engineering Support Manager.
- ✓ Offering functional assistance to PLM/CAD users concerning Cadmatic.
- ✓ Preparing and developing training materials, guidelines, and user documentation for Cadmatic.

Your qualifications

- ✓ A Bachelor's degree in engineering, preferably in mechanical engineering or shipbuilding.
- ✓ Strong proficiency with the Cadmatic platform, and familiarity with CATIA and the 3DExperience platform from Dassault Systemes is a plus.
- ✓ Understanding of PLM principles along with experience in functional application management.
- ✓ Excellent command of the English language; proficiency in Dutch is an advantage.
- ✓ Willingness to work at our locations in Vlissingen and Schiedam, Netherlands.
- ✓ Strong references, as pre-employment security checks are a standard part of the recruitment process.

Important:

- ✓ Permanent EU citizenship and a passport are required; candidates holding an NL/EU work visa or having both EU and non-EU nationalities/passports are not eligible due to project requirements.
