

QC Inspector - Mechanical

For our client in Antwerp we are hiring a **QC Inspector - Mechanical**.

Job description

- ✓ Review and comment on Subcontractor procedures and Inspection & test plans.
- ✓ Perform witness, inspection & surveillance checks and continually assess Subcontractor QC performance.
- ✓ Ensure the quality of the work in accordance with the Construction Site Quality Plan, approved ITPs, and procedures within assigned areas.
- ✓ Ensure that all inspection activities are recorded in the appropriate records.
- ✓ Monitor Subcontractors QC resource levels to achieve quality standards according to agreed ratio.
- ✓ Identify and document Subcontractor and Supplier quality deficiencies and initiate non-conformance process as required.
- ✓ Record deficiencies and/or incomplete works on punch items and liaise with supervisor/superintendent to expedite necessary rectification.
- ✓ Maintain close liaison with discipline supervisors to coordinate filed inspections.
- ✓ Make sure that materials used are in accordance with project technical documents and applicable codes and specifications.
- ✓ Support QC/turnover team for collecting relevant QC records.

Your qualifications

- ✓ Have solid background of Mechanical discipline.
- ✓ Have a minimum of 5 years of experience in construction field covering QC functions.
