

Senior Planning Engineer (E&I)

For our client in Antwerp we are hiring a **Senior Planning Engineer (E&I)**.

Job description

We are looking for a Senior Planning Engineer (E&I) to be assigned to Antwerp for a new petrochemical complex in execution phase.

- ✓ Develop and maintain detailed project schedules for electrical and instrumentation activities.
- ✓ Coordinate with project managers, engineers, and contractors to gather input for schedule development.
- ✓ Identify project risks and develop mitigation strategies.
- ✓ Monitor progress against the schedule and prepare regular progress reports for stakeholders.
- ✓ Review and analyze schedule performance, identifying variances and proposing corrective actions.
- ✓ Assist in resource allocation and workload management for E&I teams.
- ✓ Ensure compliance with industry standards, safety regulations, and quality assurance processes.
- ✓ Collaborate with procurement teams to align material delivery with project timelines.
- ✓ Participate in project meetings, providing updates and insights on scheduling and planning.
- ✓ Further develop Level 4 Construction schedules for critical works in liaison with subcontractors
- ✓ Establish Progress system for Construction works and monitor it on a weekly basis
- ✓ Record manhours expenditure and site presence (blue and white collars)
- ✓ Consolidate Progress curves for Construction works based on above schedule and progress system
- ✓ Attendance of Construction progress meetings with Subcontractors
- ✓ Measure and make trends of construction productivity rates
- ✓ Prepare weekly / monthly reports as required
- ✓ Perform "what-if" analysis to advise project team with respect to most suitable solutions to be pursued from a timeline perspective

Your qualifications

- ✓ Bachelor's degree in Electrical Engineering, Instrumentation Engineering, or a related field.
- ✓ Proven experience as a Planning Engineer, specifically in E&I projects.
- ✓ Proficiency in scheduling software (e.g., Primavera P6, Microsoft Project).
- ✓ Strong analytical and problem-solving skills.
- ✓ Excellent communication and interpersonal skills.
- ✓ Ability to work under pressure and meet tight deadlines.
- ✓ Excellent relational skills
