

HSE Supervisor

For one of our customers in Belgium we are in search for a **HSE Supervisor** for a very large newbuild project.

Vacature omschrijving

The purpose of the SHE supervisor is to ensure that the Project is executed safe and meets the Project KPI's and objectives.

The role will be part of an Integrated (Owner/EPMC) team that prepare and organise the health and safety program for Project Delivery Team and this person will give functional support and guidance to the SHE Manager.

He role reports to the Construction SHE Manager, and the Construction Manager.

The role responsibilities include:

- ✓ Supervise the practical execution of the Overall SHE&S Plan within his assigned area.
- ✓ Ensure site safety on the ground at the site, starting with the first day of site preparation.
- ✓ Manage day-to-day safety supervision on site, approve/ disapprove tools & work installations, intervention on unsafe acts.
- ✓ Support the layout of the site relating to constructability, accessibility, traffic ways, equipment transport, lifting strategies, etc.
- ✓ Support Construction Manager and other team members in resolving SHE nonconformances, etc.
- ✓ Reports to the assigned SHE manager on a daily basis.
- ✓ Liaise closely with the Contractor personnel on all SHE matters, ensuring field SHE are resolved in a proper and timely manner.
- ✓ Works closely with the Legal Safety Coordinator (veiligheidscoördinator) for compliance with Temporary and Mobile Worksites regulation.
- ✓ Monitor SHE work performed by the Contractors and other third party, providing oversight and guidance, ensuring that all work satisfies specifications and standards.
- ✓ Ensure and participate in regular safety inspections.
- ✓ Participate audits related to the SHE disciplines of the contractors and support audits from outside parties.
- ✓ Evaluation of method statements, RAMS, safe execution plans, Follow up of environmental monitoring and permit conditions.

Je profiel

- ✓ Degree qualified or equivalent in appropriate engineering discipline.
- ✓ MVK or PA2 qualification.
- ✓ More than 15 years' experience on SHE supervision during construction on a major Construction Site.
- ✓ Good understanding of English in speaking and writing and by preference fluent in Dutch.
